This journal provides an international forum for the discussion and rapid dissemination of research findings in psychology relevant to education. It places particular emphasis on the publishing of papers reporting applied research based on experimental and behavioural studies. Reviews of relevant areas of literature also appear from time to time. The journal aims to be a primary source for articles dealing with the psychological aspects of education ranging from pre-school to tertiary provision and the education of children with special learning needs. The prompt publication of high-quality articles is the journal's first priority. All contributions are submitted 'blind' to at least two independent referees before acceptance for publication.

Editorial correspondence, including manuscripts for submission and books for review, should be addressed to: Prof. Kevin Wheldall, Joint Editor–Educational Psychology, Macquarie University Special Education Centre, Macquarie University, Sydney, NSW 2109, Australia. **Contributors may also email their articles** to Prof. Kevin Wheldall: kevin.wheldall@mq.edu.au. File copies of the articles, produced in recent (post-1998) versions of Microsoft Word for Mac or PC, should be attached as an enclosure to the e-mailed standard submission letter. Details concerning the preparation and submission of articles can be found on the inside back cover of each issue.

Business correspondence, including orders and remittances relating to subscriptions, back numbers and offprints, should be addressed to the publisher: Carfax Publishing, Taylor & Francis Ltd, Customer Services Department, Rankine Road, Basingstoke, Hants RG24 8PR, UK.
